

FACING FINANCES FEARLESSLY

Facing your finances fearlessly is a daunting task to some of us. We live in a culture that encourages debt, impulsive purchasing, and helps to develop an "I want it now" attitude. Compile the aforementioned and include unplanned expenses and your budget will suffer and so will you. God has always intended His people to live lives freely and apart from the entrapments of this world. Facing Finances Fearlessly is a ministry that is intended to help God's people navigate financial pitfalls and lead people to financial freedom. If you feel this service may be of value to you and your family, please contact us.

Facing Finances Fearlessly

TIME TO PIN IT DOWN

All of us have struggled with finances at one time or another, but we continue to live in the same manner and apply the same disciplines that may have attributed to our financial difficulties. This is insanity! Yet, most of us continue to kick the problems down the road, hoping for a miracle. As Christians, the Bible places great emphasis on being good stewards of what God has provided for us and how to become those good stewards.

Facing Finances Fearlessly is a **FREE service** intended to help God's people "pin down" the problems that have attributed to their financial difficulties. These may include debt, living beyond our means, impulsive purchases and lack of biblical principles to name few.

The Goal is to provide good practical biblical information to help you make smart choices about your money so you can worry less, enjoy life more, and ultimately become better stewards with the resources God has entrusted to you.

"But remember the Lord your God, for it is he who gives you the ability to produce wealth, and so confirms his covenant, which he swore to your ancestors, as it is today." **Deuteronomy 8:18**

I would suspect that there are many Christians/people in America sitting at the dinner table who are having the hard discussion about money and the lack of it. Covid 19, lockdown, isolation, loss of employment, cuts in salaries, negative economy and more have led to our finances being adversely affected, thus, the discussion at the dinner table. Is it possible that the current lockdown due to Covid-19 is something to utilize to your advantage? - "In what manner you ask?" - In respects to our finances and God's economy, could we fearlessly allow ourselves to see through the thin veneer of living beyond our means and expose our lack of discipline and follow biblical principles? This is not for the purpose of embarrassment or punitive measures, but to fulfill His covenant promises to us?

The portion of scripture quoted above is rock solid and sealed with the same covenant, power and promise for our lives today! "God is the same yesterday, today and forever." (Heb. 13:8) Be assured that God is gracious, kind, and benevolent. He is always moving us towards living in freedom when we align ourselves with His Word.
